Come celebrate International Worker's Day!

The History of International Workers' Day

In the late nineteenth century, the working class was in constant struggle to gain the 8-hour work day. Working conditions were severe and it was quite common to work 10 to 16 hour days in unsafe conditions. Death and injury were commonplace at many work places and inspired such books as Upton Sinclair's The Jungle and Jack London's The Iron Heel. As early as the 1860's, working people agitated to shorten the workday without a cut in pay, but it wasn't until the late 1880's that organized labor was able to garner enough strength to declare the 8-hour workday. This proclamation was without consent of employers, yet demanded by many of the working class.

How to Celebrate International Workers' Day

This day was always meant to celebrate the work of the everyday worker, so if you've been feeling a bit underappreciated recently, today is the day to come to SEIU Local 2015, Union Hall, 1109 Hartnell and enjoy some food and good company!
