

PROTECT FIRST RESPONDERS AND PUBLIC SAFETY

NO ON PROP 11

Prop 11 directly threatens the ability of thousands of California first responders to get adequate meal and rest breaks.

» WHAT IS PROP 11?

A proposition on the November ballot that would change California's labor code, which currently guarantees workers at private ambulance companies time to eat and rest.

» WHY THIS IS IMPORTANT?

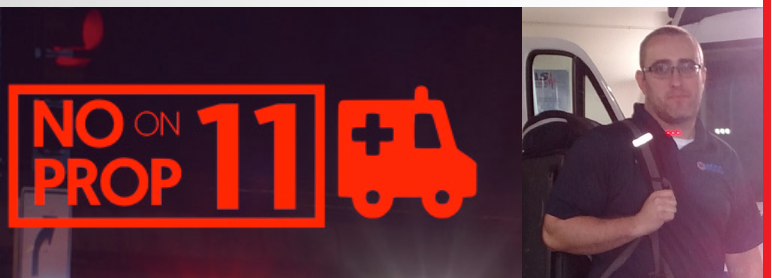

First responders work pressure-filled, grueling schedules and often deal in matters of life or death. **Stripping them of guaranteed rest and meal breaks does nothing to improve public safety. In fact, it makes their jobs even more difficult.** The measure also sets a terrible precedent that could be used to take away meal and rest breaks from other workers.

» WHO OPPOSES PROP 11?

The California Democratic Party, labor unions including the United Steelworkers and AFSCME, and the California Labor Federation.

» THE BOTTOM LINE: PROP 11 HARMS FIRST RESPONDERS AND JEOPARDIZES PUBLIC SAFETY. VOTE NO ON PROP 11!
