YES ON PROP 50

TALKING POINTS

In less than a year, President Trump has launched an all-out assault on our California values. Unlawful use of the military. ICE in our workplaces. Tens of thousands of our federal union brothers and sisters stripped of their collective bargaining rights. The illegal elimination of funding for energy and infrastructure projects. The termination of critical project labor agreements.

No more. We need to **DEFEND** our California values, **FIGHT** back against the Trump Takeover, and **PROTECT** workers from this unprecedented attack.

DEFEND

- Proposition 50 will defend our California values by allowing us to elect Congressmembers who prioritize working Californians and who will check President Trump and his administration, not be obedient lap dogs like we have now.
- We need to defend California from President Trump and his MAGA allies. He wants to use Texas and other states to rig the 2026 election so that he can eliminate California's values from the nation's politics.
- **Vote Yes to Defend California Values.**

PROTECT

- California workers are under siege. Proposition 50 protects workers by ensuring that we have a Congress that won't just be a rubber stamp for President Trump's agenda, but who will fight on behalf of working Californians to make sure their rights are protected.
- President Trump wants to steal the 2026 election so that he can continue to eliminate health care for working people, lower wages, slash unemployment insurance, reduce pensions and eliminate workers' protections.
- **Prop 50 allows California to defend itself.**

FIGHT

- Proposition 50 fights fire with fire. Trump is forcing Texas and other states to gerrymander their lines in order to rig the 2026 election. California is fighting back by making sure we balance the scales.
- President Trump and his allies have attacked our California communities, stripping away Medicaid, raising our health care costs and targeting immigrant workers with immeasurable cruelty. No more.
- With Prop 50, California workers fight back to put a check on President Trump.
- **Join working Californians by voting YES on Prop 50!**
